Inspired by working detection dogs, K9 Nosework is the fun search and scenting activity for virtually all dogs. This easy to learn sport builds confidence and focus in many dogs, and provides a safe way to keep dogs fit and healthy through mental and physical exercise.

Benefits of Nose Work:

- Lots of mental & physical energy is burned doing searches
- Shy or fearful dogs build confidence
- Great way to keep you dog active all year round
- Only one dog works at a time and others are crated so even reactive dogs can enjoy

What to bring to the seminar:

- Crate for your dog & chair for yourself when not in the ring
- Leash with a collar and/or a harness
- Variety of small soft (not crunchy) tasty treats

Good for ALL ages of dogs and handlers. Young dogs (minimum age 4 months) to old dogs.
